So we cant breath and eat at the same time?

8:48am, Tues, Apr 25, 2017 by nikki

Lungs are 90% of our chest?

8:49am, Tues, Apr 25, 2017 by Diana

Do lungs heal them selves like if you punctured a lung would it heal in time

8:49am, Tues, Apr 25, 2017 by Andrew

Do babys breath in the womb?

8:49am, Tues, Apr 25, 2017 by nikki

Why are lungs so light?

8:49am, Tues, Apr 25, 2017 by Rachel

Why is every breath so dangerous

8:50am, Tues, Apr 25, 2017 by Rachel

So waxing is bad for the body?

8:51am, Tues, Apr 25, 2017 by Diana

How do we not die from breathing dirt but die from smoking

8:51am, Tues, Apr 25, 2017 by nikki

How does nose sprays for allergies work?

8:52am, Tues, Apr 25, 2017 by Andrew

WHat are the toncils for

8:52am, Tues, Apr 25, 2017 by nikki

Lungs have a lot to do when you sing ?

8:52am, Tues, Apr 25, 2017 by Rachel

Why does the mucus have to go back up

8:53am, Tues, Apr 25, 2017 by nikki

(Dev) so swimmers have a really strong lung? From breathing training?

8:54am, Tues, Apr 25, 2017 by Rachel

How is it possible to measure how much we breath

8:54am, Tues, Apr 25, 2017 by Diana

How do you train your lungs?

8:55am, Tues, Apr 25, 2017 by Armendariz

How can he breath that much air

8:55am, Tues, Apr 25, 2017 by Valerie

Is it dangerous to use the reserves of air we have constantly ?

8:55am, Tues, Apr 25, 2017 by Julio

So the stronger the lungs the more pints they can blow

8:55am, Tues, Apr 25, 2017 by Rachel

?

8:55am, Tues, Apr 25, 2017 by Rachel

Why do we get shortness of breathe?

8:56am, Tues, Apr 25, 2017 by Viviana

Is the lung capacity effected in astronauts who live in space long periods of time?

8:56am, Tues, Apr 25, 2017 by Andrew

Why do we get light headed after blowing a balloon?

8:56am, Tues, Apr 25, 2017 by nikki

Why do we have to pipes ?

8:57am, Tues, Apr 25, 2017 by Rachel

Is it bad for the nitrogen no to be changed in your body

8:57am, Tues, Apr 25, 2017 by Valerie

How many passages does the lung have?

8:57am, Tues, Apr 25, 2017 by nikki

Why doesn't the nitrogen get taken in by the body?

8:57am, Tues, Apr 25, 2017 by Armendariz

And how does food or water go down the wrong pipe ? Why is it considered the "wrong" pipe?

8:58am, Tues, Apr 25, 2017 by Rachel

So the lungs and heart are the most important organs?

8:59am, Tues, Apr 25, 2017 by nikki

What happens to our lungs when we hold our breathe?

8:59am, Tues, Apr 25, 2017 by Viviana

Why di some people say that blood is blue?

9:00am, Tues, Apr 25, 2017 by nikki

Do

9:00am, Tues, Apr 25, 2017 by nikki

Why do some people have "heavy" breathing

9:00am, Tues, Apr 25, 2017 by Diana

Why do we have so much hemaglobin?

9:00am, Tues, Apr 25, 2017 by nikki

Why is there some people who dont sweat?

9:02am, Tues, Apr 25, 2017 by nikki

Why does it hurt to get water in your nose

9:03am, Tues, Apr 25, 2017 by nikki

How does the blood change when under pressure?

9:06am, Tues, Apr 25, 2017 by Armendariz

gases in blood change with pressure

9:06am, Tues, Apr 25, 2017 by g

(Dev) is that why athletes train in higher altitudes?

9:07am, Tues, Apr 25, 2017 by Rachel

Why is it dangerous to suck in helium

9:07am, Tues, Apr 25, 2017 by Diana

Is lack of oxygen a way that brain cells die ?

9:08am, Tues, Apr 25, 2017 by Rachel

no: training at higher altitudes changes the number of red blood cells

9:08am, Tues, Apr 25, 2017 by g

lack of oxygen can lead to cell death for any cell

9:08am, Tues, Apr 25, 2017 by g

How come when your in hot water like in a shower or jaquzee you start getting shortness of

breathe?

9:08am, Tues, Apr 25, 2017 by Viviana

Why would blood boil at body temp?

9:08am, Tues, Apr 25, 2017 by nikki

pressure!

9:08am, Tues, Apr 25, 2017 by g

water boils at lower temps at higher altitudes because pressure is lower; lower pressure enuf,
water can boil at rm temp

9:09am, Tues, Apr 25, 2017 by g

What is the most pressure a body can handle?

9:09am, Tues, Apr 25, 2017 by Armendariz

How do they keep astronauts suits pressurized when they are in space where there's no oxygen

9:10am, Tues, Apr 25, 2017 by Andrew

humidity & heat can impact breathing

9:10am, Tues, Apr 25, 2017 by g
