12:36am, Tues, Feb 21, 2017 by Diego85

**Wow**

12:38am, Tues, Feb 21, 2017 by Jared

**Every animal has a form of stress?**

12:50am, Tues, Feb 21, 2017 by Diego85

**How is he able to identify their stress?**

12:50am, Tues, Feb 21, 2017 by Krystian

**Why so animals get stressed?**

12:51am, Tues, Feb 21, 2017 by MarissaC

**Is there any animals that doesn't have stress**

12:52am, Tues, Feb 21, 2017 by jared

**Are predators the only reasons animal gets stressed?**

12:52am, Tues, Feb 21, 2017 by Kaitlyn

**in the wild, yes**

12:52am, Tues, Feb 21, 2017 by g

**If the animals have like 5 seconds of stress and then they go about their day how will they get sick with little amounts of stress?**

12:53am, Tues, Feb 21, 2017 by Krystian

**So say a domestic house cat can get stressed or no**

12:53am, Tues, Feb 21, 2017 by jared

**they don't; primates do**

12:53am, Tues, Feb 21, 2017 by g

**Bigger the brain the more stress? Or does it depend on how sophisticated the brain is?**

12:53am, Tues, Feb 21, 2017 by Diego85

**sophistication**

12:54am, Tues, Feb 21, 2017 by g

**Wouldn't the baboon get even more stressed when he gets shot with what they shot him with, so wouldn't it mess up the data?**

12:55am, Tues, Feb 21, 2017 by MarissaC

**Are most people with high blood pressure just really stressed out**

12:55am, Tues, Feb 21, 2017 by Mez

**not all blood pressure is due to stress**

12:56am, Tues, Feb 21, 2017 by g

**Why are lower ranked baboons have more stress?**

12:58am, Tues, Feb 21, 2017 by Joseph

**Could stress cause a stroke**

12:58am, Tues, Feb 21, 2017 by jared

**not directly jared, but if blood pressure is high**

12:59am, Tues, Feb 21, 2017 by g

**Is it with all animals that depending on their personality, they are able to cope well or not well with stress**

12:59am, Tues, Feb 21, 2017 by Jordan

**Why is it if a baboon is low ranking that it has more stress?**

12:59am, Tues, Feb 21, 2017 by Zariyah

**as stated: depends on the social interaction for baboon stress**

12:59am, Tues, Feb 21, 2017 by g

**if lower treated poorly, lower ranking have more stress**

12:59am, Tues, Feb 21, 2017 by g

**personality, hostility, impacts stress**

1:00pm, Tues, Feb 21, 2017 by g

**So do subordinate people in a job have less stress than higher people**

1:02pm, Tues, Feb 21, 2017 by jared

**Maybe the dominant monkey is more stressed because he constantly has to prove leadership and dominance so he wont be trown off by the others**

1:03pm, Tues, Feb 21, 2017 by BRYAN ☐☐☐🍺

**So in the real world, a boss would be more stressed than an employee** ☐☐☐

1:03pm, Tues, Feb 21, 2017 by BRYAN ☐☐☐🍺

**Being hostile makes more stress?**

1:04pm, Tues, Feb 21, 2017 by Krystian

**'hostile' determines the level of response to situations**

1:04pm, Tues, Feb 21, 2017 by g

**How can her bp be up but she isn't really stressed?**

1:05pm, Tues, Feb 21, 2017 by MarissaC

**Are men more hostile than womem** ☐☐☐

1:07pm, Tues, Feb 21, 2017 by Kevin

**I don't know...**

1:08pm, Tues, Feb 21, 2017 by g

**Is it possible to be high hostility but low blood pressure**

1:08pm, Tues, Feb 21, 2017 by Jared

**So stress doesn't necessarily cause a more angry attitude**

1:08pm, Tues, Feb 21, 2017 by Jordan

**too simple to say only gender; personality, how reared, etc. will impact it**

1:09pm, Tues, Feb 21, 2017 by g

**are people who live in New York or heavy traffic cities more stressed?**

1:09pm, Tues, Feb 21, 2017 by MarissaC

**only if their 'hostility' component of personality is high**

1:10pm, Tues, Feb 21, 2017 by g

**So does the deflibulator only activate once or does it have multiple uses**

1:11pm, Tues, Feb 21, 2017 by Jared

**it's triggered as needed by the heart**

1:11pm, Tues, Feb 21, 2017 by g

**Defibrillators are given to those that have many heart attacks?**

1:11pm, Tues, Feb 21, 2017 by Krystian

**What other things are caused by stress?**

1:11pm, Tues, Feb 21, 2017 by MarissaC

**no, to those that need their heart rhythms regulated**

1:11pm, Tues, Feb 21, 2017 by g

**they're getting there...**

1:12pm, Tues, Feb 21, 2017 by g

**How do you damage your arteries and or organs?**

1:12pm, Tues, Feb 21, 2017 by Diego85

**Why the heck are they getting blisters on their arms?**

1:13pm, Tues, Feb 21, 2017 by MarissaC

**arteries are impacted by age, blood pressure, etc.**

1:13pm, Tues, Feb 21, 2017 by g

**listen**

1:13pm, Tues, Feb 21, 2017 by g

**Why do the women have higher stress hormones than the men?**

1:17pm, Tues, Feb 21, 2017 by MarissaC

**why did they get blisters?**

1:17pm, Tues, Feb 21, 2017 by g

**To see how stress effects the healing process**

1:20pm, Tues, Feb 21, 2017 by MarissaC

**They got blisters to be tested on the healing of the blisters, stress can lengthen the healing process make it longer to heal.**

1:23pm, Tues, Feb 21, 2017 by Krystian

**exactly! because all the bodies resources are going to maintaining the stress, not healing**

1:24pm, Tues, Feb 21, 2017 by g

**How do they dry the sheets and not begin to shiver?**

1:32pm, Tues, Feb 21, 2017 by Jospheh

**that's the questions**

1:32pm, Tues, Feb 21, 2017 by g
